Casco Bay is rich in history and wildlife. This Lincoln tour paddles through the bay viewing spectacular landscapes and often provides sightings of a variety of sea birds, Harbor seals and porpoise. Exploring the nooks and crannies by sea kayak is one of the best ways to experience Southern Maine's largest bay.

After a brief bus ride to our put in we'll take a few minutes to go over the basics of paddling and kayaker safety. Then it's off to the water as we head out into the bay toward a small chain of islands off Merepoint. Each island we pass has it's own unique character. Taking short breaks on the water will allow time to look for Osprey, Eagles, Seals and other marine wildlife common to the area as well as discuss some local history. Back to the put in, load boats on the trailer for the short drive back to the Lincoln Outdoor Center. Hope you join us!
